

# ATP Newsletter, March 2013

<http://www.astro.lu.se/Newsletters/>

## Staff news

## Seminars

See <http://www.astro.lu.se/Seminars/> and <http://particle.thep.lu.se/Seminars/>

## Visitors

- 4-6 Stephan Rosswog (Stockholm) visits Observational and Theoretical Astrophysics (OTA)
- 11-15 Chris Brook (Madrid) visits OTA
- 25-27 Philipp Podsiadlowski (Oxford) visits OTA
- 25-28 Stefan Keppeler (Tuebingen) visits Malin Sjödhahl

## Absences, trips and other travel

- 23/2-23 Michiel Lambrechts visit prof. Morbidelli in Nice
- 2-6 Dainis Dravins lectures at the winter school on "Very High Time and Space Resolution Astrophysics" in Asiago, Italy
- 11-12 Dainis Dravins attends the Nordic meeting for the Cherenkov Telescope Array, Stockholm
- 11-13 Ross Church attends SRS meeting in Kiruna
- 12-6/4 Roman Pasechnik visits the Theoretical High Energy Physics Group at University Santa Maria, Valparaiso, Chile
- 13-16 Bo Söderberg attends the experimental part of the national final of the Wallenberg Physics Prize for high school students in Göteborg
- 18-20 Anders Johansen in Nice to visit collaborators

## Important dates and events

- 5 Masterclass in particle physics (contact Johan Rathsman for more information)
- 6 ATP talk by Chao-Chin Yang (15.15, Sal F)
- 8 Winter meeting of the COMPUTE research school (Lundmarksalen)
- 22 Stefan Prestel defends his thesis

The ATP newsletter is edited by Malin Sjödhahl and Ross Church. Please email information to [malin.sjodahl@thep.lu.se](mailto:malin.sjodahl@thep.lu.se) and [ross@astro.lu.se](mailto:ross@astro.lu.se) by the last day of the month for inclusion in next month's newsletter.
