Staff news

Michiel Lambrechts has started as a Postdoc, working with Anders Johansen
Albertas Dvirnas has started as a PhD student, supervised by Tobias Ambjörnsson
Christian Sahlholdt starts as a PhD student, supervised by Sofia Feltzing
Marius Utheim starts as a PhD student (Marie Curie), supervised by Torbjörn Sjöstrand
Smita Chakraborty starts as a PhD student (Marie Curie), supervised by Leif Lönnblad
Florent Renaud starts on a Postdoc scholarship, working with Oscar Agertz
Tim Olsson will work half-time for six months as a planetarium assistant while Anna handles the LMK telescope installation
Chao-Chin Yang leaves us to take up a position at University of Nevada in Las Vegas
Pieter Gruyters leaves us to take up a short-term position in Uppsala

Regular seminar schedules

Astronomy – <http://www.astro.lu.se/Seminars/>

THEP – <http://particle.thep.lu.se/Seminars/>

CBBP – http://cbbp.thep.lu.se/~carl/internal/group_meetings.html

Additional talks and seminars

13 ATP talk by Carl Troein at 15.15 in Lundmarksalen (coffee at 15.00, astro tea room)
3/10 Talk by Andrea Ghez (UCLA) on the supermassive black hole at the Galactic Centre
4/10 ATP talk by Asli Pehlivan Rhodin

Important dates and events

1-3 The Nordic Planetarium Association (NPA) meeting is hosted by Lund Observatory and Vattenhallen Science Center
15 LU350 anniversary party, with small pre-party in the courtyard
16 Kulturnatten
22 Department excursion (sign up at <https://beta.doodle.com/poll/t86aiz2pzrz7t8mu>)

Absences, trips and other travel

	Every Wednesday Oscar Agertz, Melvyn B. Davies, Ross Church and Mattias Olsson attend DATA, Pufendorf Institute
3-5	Melvyn B. Davies attends PLATO conference at the University of Warwick
3-5	Johan Bijmens takes part in the NT-3 beredningsgrupp of the Swedish Research Council
4-7	Alex Mustill in Warwick to deliver talk at the PLATO Mission Conference 2017
4-8	Thomas Bensby attends Gaia-ESO science meeting, Catania, Italy
4-8	Roman Pasechnik attends the workshop on challenges in photon induced interactions in Krakow and gives a talk
6-10	Johan Bijmens attends the workshop on Flavour changes and conserving processes FCCP2017 in Anacapri Italy and gives a talk
7-8	Sofia Feltzing attends meeting on Wallenberg Academy Fellowships at KVA, Stockholm
11-15	Thomas Bensby, Iryna Kushniruk, Louise Howes, Ross Church, Sofia Feltzing, Dominic Ford and Paul McMillan (11-14) attend the 4MOST all-hands meeting, Lyon, France
12	Oscar Agertz and Anders Johansen attend annual meeting of Wallenberg Academy Fellows
13-15	Alex Mustill in La Laguna, Tenerife for a CHEOPS Science Team Meeting
13-15	Asli Pehlivan Rhodin and Dainis Dravins attend Astronomdagarna, Kiruna
17-22	Dainis Dravins attends and gives a talk at the European Planetary Science Congress, in Riga, Latvia
17-23	Melvyn B. Davies attends Modest 17, Prague, and gives an invited talk
18-22	Alexey Bobrick attends Modest 17, Prague
18-22	Alex Mustill visits the Universidad Autónoma de Madrid for collaboration
18-22	Fan Liu attends the 5th GMT Science Meeting in New York, US
19	David Hobbs attends the GaiaNIR study at ESA's Concurrent Design Facility in ESTEC
21-22	Oscar Agertz gives talk at Lise Meitner Symposium in honour of Francoise Combes, Chalmers
22	Sofia Feltzing will attend meeting of the international committee at KVA, Stockholm
25-27	Anders Johansen attends "Geoscience for understanding habitability in the solar system and beyond" on the Azores
25-27	Bertram Bitsch attends "Planet formation and Evolution 2017" in Jena, Germany
25-30	Roman Pasechnik attends the workshop on forward physics and high-energy scattering at zero degrees in Nagoya and gives a talk
26-29	Leif Lönnblad attends MCnet network meeting, Karlsruhe
28-29	Bertram Bitsch visits ITA/MPIA Heidelberg for collaboration projects

Editor: Ross Church (ross@astro.lu.se). Deadline: 17.00 on the last day of the previous month.
