Staff news

Bo Söderberg retires as a permanent lecturer
Eric Andersson starts as a PhD student, supervised by Oscar Agertz
Linn Eriksson starts as a PhD student, supervised by Anders Johansen
Andrew Lifson starts as a PhD student, supervised by Malin Sjödhall
Jens Krog starts as a postdoctoral scholar working with Tobias Ambjörnsson
Dipankar Das starts as a Researcher working on physics beyond the standard model
Christopher Plumberg starts as a Researcher working on heavy ion physics
Stefan Prestel starts as an Associate senior lecturer in Theoretical Particle Physics
Oscar Agertz starts as an Associate senior lecturer in Astronomy
Rikkert Frederix is appointed Senior lecturer in Theoretical Physics - he will start during spring 2019
Mattias Ohlsson is appointed Professor at Halmstad University - 40

Regular seminar schedules

Astronomy – <http://www.astro.lu.se/Seminars/>
THEP – <http://particle.thep.lu.se/Seminars/>
CBBP – http://cbbp.thep.lu.se/~carl/internal/group_meetings.html

Additional talks and seminars

21 COMPUTE seminar by Steve Longmore, 10.30, Lundmarksalen, 'Using machine learning to identify animals from drones'

Visitors

3-7 Andrew Youdin (University of Arizona) and Chao-Chin Yang (University of Nevada, Las Vegas) visit OTA (host: Anders Johansen)
3-28 Urs Schäfer (PhD student at Hamburg Observatory) visits Anders Johansen
4-30 Essma Redouane Salah visits THEP (host: Torbjörn Sjöstrand)
17-21 Ondrej Chrenko (Charles University) visit OTA (Host: Michiel/Anders)

Important dates and events

6 Noemi Schaffer licentiate defense, 9.00, Lundmarksalen
14 Department excursion, 09.30-14.00, sign up by e-mail to Mattias Ohlsson
15 Culture night
21 Department board meeting, 13.15, Charlier

Absences, trips and other travel

29/8-1/9	Nils Ryde in Uppsala working with Bengt Edvardsson and giving a talk
3-5	Melvyn B. Davies and Alex Mustill attend CHEOPS Science Team meeting in Geneva
3-7	Christian Sahlholdt attends the ESO workshop 'A revolution in stellar physics with Gaia and large surveys' in Warsaw
4-7	Roman Pasechnik attends the Multi-Higgs'18 workshop in Lisbon
7-11	Beibei Liu visits the exoplanet group in Amsterdam
9-14	Daniel Mikkola attends the IMPRS summer school in Heidelberg
9-19	Abbas Askar visits Copernicus Astronomical Center in Warsaw.
10-11	Sofia Feltzing participates in the Fysiografen board meeting at Krapperup
10-13	Dainis Dravins at the workshop 'Observing the Sun as a Star: Would we find the solar system if we saw it?', gives introductory talk
10-14	Melvyn B. Davies and Ross Church attend workshop on triples at Lorentz Center, Leiden
11-10/10	Brian Thorsbro visits Mathias Schultheis in Nice for collaborative work
12	Sofia Feltzing attends class meeting at KVA, Stockholm
12-15	Nils Ryde attends a thesis defence in Nice
16-22	Johan Bijmens, Nils Hermansson Truedsson and Karol Kampf attend the Ninth International Workshop on Chiral Dynamics, 2018 in Durham, NC, USA and present talks.
17-19	Lena Magnusson visits Stockholm for a conference
17-21	Thomas Bensby attends the WEAVE AHM in Naples
18-19	Oscar Agertz attends Wallenberg Academy Fellows meeting in Stockholm
19	Sofia Feltzing attends the international committee meeting at KVA, Stockholm
19-21	David Hobbs attends the Gaia AGIS meeting in Heidelberg.
24-27	Colin Carlile attends the CTA Consortium Meeting in Berlin
24-28	Sofia Feltzing, Ross Church, Dominic Ford, Louise Howes, Thomas Bensby and Iryna Kushniruk attend the 4MOST All-hands-meeting 2018 in Heidelberg, Germany
25-28	Roman Pasechnik attends the Charged-Higgs'18 workshop in Uppsala

Editor: Ross Church (ross@astro.lu.se). Deadline: 17.00 on the last day of the previous month.
